There was not much yielding to the hammering tactics of the two teams, and dine done battles were the owe teams, and the holding together tightly when runs were threatened. There was not much yielding to the hammering tactics of the two teams, and the holding together tightly when runs were threatened. There was not always uniformity in the ware of weeping all the time and which did turn on the waterworks before the second game was over.

There was considerable high class outfield work, and all of the outer sentries took a hand in this. Coughlin, O'Leary, Yeager, who made both of New York's runs in the first game, reached first base in the second mining on Lindsay's mull of Coughlin's seist. It was an off game for first basemen, chase having two muffs. Fultz sacrificed yeager to second. Modified filed to Crawford and O'Leary fumbled Chesbro's hard slam, Yeager going to third. On Chesbro's hard s

the seventh inning. They did not get a man to first after that.

Jack Warner was receiver in general for the Detroits in the second game, and McGraw's former backstop was cheered warmly when he donned the mask. Both Powell and Mellen sped the ball through on the jump in this game. It was like pulling teeth to get men on bases, and like pulling more teeth to get one around. Any kind of hitting behind Powell would have won for him before the game reached the tenth inning stage. There was really no time when a run was imminent until the tenth inning. Powell and Williams had terrific drives pulled down by McJatyre and Cooley, respectively, and Williams had terrific drives pulled down by McJatyre and Cooley of a hit by a fine catch of the latter's low liner. Joe Yeager squielched Mullen in the second session by a swift play on the pitcher's bunt, and Chase's catch of a pumpkins.

Studd work on the bases spoiled a chapter.

on the pitcher's bunt, and Chase's catch of a foul off Mullen in the seventh was some pumpkins.

Stupid work on the bases spoiled a chance for the New Yorks in the ninth. With one out Williams saurtered. Chase grounded to O'Leary, who tried for a double play by touching second and then throwing to first. But he did not touch second, and Williams was safe there, though Chase was out at first. Williams thought he had been called out and stepped off the bag to argue with Connolly, Griffith tried to shoo him back, but before he could get back Mullen tossed the ball to Dumpling Schaefer, and this time Williams was out sure enough. It was simply flying in the face of opportunity.

Angular Bill Coughlin opened the tenth Inning with a triple, which Fultz made a hard try for. He came in on Lindsay's single. Warner forced Lindsay and would have been doubled up with quicker handling of the ball. The want of quicke handling was costly. Then Warner, slow runner though he is, stole second, Kleinow making a high throw. Cooley's hit scored Warner. Fultz singled for New York in the tenth with one out. Kleinow was harmless, but Orth spanked a screamer to right which scored Fultz. Orth took a desperate chance and was thrown out at the plate. respective bands. They got a large quota of cheers from an appreciative crowd of 5,000 persons, the mail carriers being greeted by prolonged blowing of whistles. The practise for each team was full of brilliant misplays and sensational errors. Then Doo Kennedy, the umpire, rumbled "Play ball!" and the fell strife began.

"We ain't got a chanst wid dem cops," remarked an adherent of the letter carriers' nine. "Dey've got a bunch of old League players." Battam, who twirled for the cops, used to play in the Atlantic League, and Donahue, center field, played on the Manthatans.

HORSESHOE HARBOR REGATTA. Hazen Morse Cleverly Sails the Raceabout

The annual regatta of the Horseshoe Harbor Yacht Club brought together thirty-six yachts yesterday. All except the smallest boats sailed twice round a five mile triangular course. A fresh westerly breeze gave them a good start, and though it fell flat at the end of the first round, revived in time to give them a fine finish.

The raceabouts furnished the largest class as well as the largest yachts in the race and also the most interesting contest. S. C. Hopkins's Rascal II., ably handled by Hazen Morse, carried off the honors after a hard struggle with Macy Willetts's Cricket, which secured second place. Eight raceabouts started at 1:15, with only a few seconds dif-ference between the first boat and the last. They went off on a beat to Huckleberry Island, whence they had a broad reach with booms to port to Execution Rock and a run

At the end of the first round Rescal II

At the end of the first round Rascal II. and Cricket had secured a long lead on their competitors. The former was slightly in advance as they neared the turn, but she steered a little wide of the mark. Cricket slipped in between and went to the front. For a time she had considerable advantage, but Morse managed to recover the lead before the end of the second round and finish a winner by 50 seconds.

Another Rascal sailed a good race and won in the 22 to 27 foot class. This boat, which is owned by J. J. Dwyer, rated last year as a raceabout, but was put out of that class this year by the new rule of measurement. Four Larchmont 21 footers also sailed a pretty race, which was won by J. H. Exer's Houri, with W. Stump's Vaquero second. The other winners were R. N. Bavier's Ace, R. Mallory's Kenoshi, Charlee Pearson's catboat Grace, A. Woodward's sloop Quinaigamond, Charles Sutton's cat Vava, while C. C. Converse's cat Joke had a sailover.

MATINEE AT EMPIRE TRACK.

ing Club at Empire track yesterday was unique from first to last. The race committee had rearranged the classes, but a majority of the races were won in straight heats and in easy fashion. The exceptions afforded a change that served to make the whole program attractive.

ALEXANDER AND HACKETT WIN. Take Final of Eastern Tennis Doubles From Wrenn and Fincke.

BOSTON, Aug. 12.-F. B. Alexander and most evenly matched, and it was only the superior team work and steadiness of the winners that carried them through to victory. Alexander and Hackett were always just a trife ahead of their opponents, and while the courts were watersoaked and slippery from the downpour of rain this afternoon, the two teams gave a spiendid exhibition of tennis.

from the downpour of rain this atternoon, the two teams gave a spiendid exhibition of tennis.

Alexander did some great placing. At the start he was a trific off his game, but he quickly steadled down, and with well directed shots scored point after point. There were some magnificent railies. Wrenn and Fincke directed their attack upon Hackett throughout the match, but the latter met them with great steadiness. Fincke was the weak player of his team, and the winners gained many points through his nets and outs. Thirteen of the thirty-four games went to deuce. In points Alexander and Hackett scored 3a to 30 for their opponents in the first set, 38 to 33 in the second and 60 to 48 in the third. Alexander and Hackett will meet the Western doubles champions at Newport later in the month.

That veteran tennis player Clarence Hobart got into the finals of the singles tournament by defeating E. W. Leonard three straight sets in the semi-final round, the scores being 7-5, 6-4, 8-6, Hobart will meet R. D. Little in the final round on Monday morning, and the winner of this match will meet W. A. Larned, holder of the Longwood title, in the afternoon.

Little got into the final round through the default of Alexander, who did not feel able to play in both the singles and doubles to-day. The Hobart-Leonard match was a close one, the veteran playing better tennis. The handicap singles was won by J. O. Ames, who disposed of G. H. Nettleton in two sets. Summary:

CUP RACES FOR CAPE MAY. Second Finisher in Bennett Race to Try for Beach Records.

The fine stretch of beach at Cape May, N. J., is to become a real battleground for and but for tire troubles might have vanand but for the troubles might have van-quished the redoubtable. Thery and his Richard-Brasier. On the Jersey seashore course it will be driven by Louis Chevrolet, who has done so well this season as the pilot of Major C. J. S. Miller's Fiat racer of 90 horse-nower.

horse-power. There is a double incentive for owners of fast racing cars at Cape May in the form of two splendid trophies offered by the Cape May Automobile Club—the Cape May mile cup and the Cape May kilometer cup, which go to the gasoline cars making the best time for these distances during 1905. The mile

prize at \$500.

The records which Chevro let will attempt city in his direct drive 120 horse-power racer. When Chevrolet makes his assaults Christie will be on hand to defend his claim on the will be on hand to defend his claim on the trophies. Another competitor of whom great things are expected will be Henry Ford of Detroit, who will drive the lightweight high powered eight cylinder racer that he built for the Ormond races last January. It was disabled before Mr. Ford had an opportunity of demonstrating the speed of the successor to his famous "999," which traveled a mile in 89 seconds over the frozen surface of Lake St. Clair. Another racer which will make its first essay at straight away speeding will be the 24 horse-power Fiat, Jr., which made a new lightweight mile record of 55 4-5 seconds on July 4 last at Morris Park

Morris Park.

This meet will be the last of the season at Cape may, and in addition to the record trials there will be free for all contests at both the mile and kilometer and many contests for touring cars to be driven by owners. In order to expedite the running of the events the competing cars will run off the beach at the end of the course and return to the starting point via the boulevard.

NOTES OF THE TRADE.

Arrangements have just been completed where-by Chevrolet is to try for the mile and the kilometer records at Cape May on Aug. 25 and 26. He is to drive the 120 hows-power Fiat racing car, which finished second in the recent Bennett race, and also the Flat, Jr., which holds the mile track record for middle weight cars. The records made by for middle weight cars. The records made by Mr. Christie with his 120 horse-power direct drive racer were 28 seconds for the kilometer and 28 2-5 seconds for the mile. The world's record for the distances are 21 2-5 seconds for the kilometer made by Baras at Ostend, Belgium, and 32-25 seconds for the mile, made by Arthur McDonald at Ormond Beach, last January. Chevrolet will leave for Cape May some time this week, taking with him both Flat cars so their he will have ample time to tune

While the electric truck has been forging its way to the front for commercial uses, one field until lately the horse seems to have reserved to himself, is the hauling of coal. Now, however, electric coal trucks with self-dumping bodies, fitted with power windlesses for raising and lowering them, are being introduced. A number of Columbia coal trucks of this sort have been turned out at the Hartford factory of the Electric Vehicle Company recently and orders for them are ac-Company recently and orders for them are ac-cumulating at a rate which indicates that the time is near at hand when the horse will no longer be
